EDUCATION

- PhD, Joint institute for nuclear research — 2016
- Master's degree, engineer-physicist, MIREA (GPA: 4.7 out of 5) — 2004 – 2010

SKILLS

- Mathematics: calculus, statistics, probability theory, numerical analysis, digital signal processing
- Machine learning: linear and logistic regressions (OLS, batch and stochastic gradient descent), gradient boosting, k-means, PCA
- Python: numpy, pandas, scikit-learn
- SQL
- English: upper intermediate

EXPERIENCE

- ML educational projects of SkillFactory school: — 2020
    - Credit scoring problem
    - Restaurant rating prediction
- Data processing and analysis of scientific physical experiments — 2010 – 2018

CERTIFICATION

SkillFactory:	Data Science	in process
Coursera:	Machine Learning	2020
365 DataScience:	SQL	2020
